CCT Appreciates the Support of the Pocket Guide Sponsors

Edwards

In welcoming everyone to the *PICS Society's 23rd Annual Symposium*, PICS Founder Dr. Ziyad M. Hijazi announced that the PICS Foundation was transforming into the PICS Society, the first global home for doctors, nurses and technologists dedicated to interventional treatment of Congenital Heart Disease (IC CHD). While the Symposium would continue as the flagship event, he set the bar for your new Society to do more—much more.

As The PICS Society begins its fifth year—and as we welcome you to *PICS Symposium #27*—let us take a look at what we have done and where we are going. Dr. Hijazi set some ambitious goals; we have accomplished a lot, and there's much more to come. Here is a baker's dozen of highlights past, present and future.

The PICS Symposium: The annual *PICS Symposium* is your Society's premiere activity, the leading global event for your profession. Live cases, keynote lectures, hands-on workshops, focused sessions, abstracts and an educational exhibit hall provide “news you can use” on your return home. *(Thank you Drs. Ziyad Hijazi, Damien Kenny, the Program Committee, 3Di3 Chairs Drs. Aimee Armstrong & Gregor Krings, the world class faculty, and staff lead Kimberly Ray, RN).*

Rapidly Expanding Membership: In a short time, PICS has become the “must join” membership society for your profession, serving as YOUR collective voice to policymakers, within the house of medicine and to the public. Next goal: increase public awareness of the amazing work you do, and your dedication to learning, teaching and striving for the highest quality of care. *(Thank you Drs. Lee Benson, Allison Cabalka, Jae Young Choi, Sir Dr. Shakeel Qureshi, Michaeleen Wallig and Dana Kichka).*

Clinical Guidelines by You, for You: Few if any activities are more important than clinical guidelines—prepared by those best experienced with the science and dedicated to the patient's best interests. PICS Quality Committee Chair Dr. Ralf Holzer led a PICS-coordinated effort to produce the first clinical consensus statement on cardiac cath for pediatric patients and adults with CHD. A massive undertaking involving several societies and 60+ writers and reviewers, this serves as the definitive framework for quality in your profession. Next up (also led by Dr. Holzer): indications for interventional treatment of CHD, plus other documents determined by Guidelines Committee chair/co-chair Drs. Athar Qureshi and Tom Fagan.

ACHD Interventional Treatment: Under Chair Dr. Jamil Aboulhosn, the ACHD Committee has an ambitious agenda of advocacy, education and guidelines. Now underway: a training

directors global survey led by Dr. Gabriele Egidy Assenza to define future educational programs and training frameworks.

PICS-IPC Istanbul: In 2023 and 2024, PICS partnered with the renowned IPC meeting (Dr. Mario Carminati) and the Turkish Society/Association of Pediatric Cardiology & Cardiac Surgery (Dr. Ahmet Çelebi) to bring key elements of the PICS Symposium to audiences in Asia, Europe and the Middle East. The highly successful PICS-IPC Istanbul meeting will again be offered in 2026.

Professional Education: Education Chair Dr. Dan Levy and his committee have charted an ambitious plan for professional education. Much has been accomplished: expanded online video resources, timely webinars, a deep library of online talks. A prime example is our rapidly growing library of *Tips & Tricks* that can help you in the lab every day. *(Thank you to Senior “Tips” Editors Drs. Guru Hiremath, Sarosh (Shawn) Batlivala, Associate Editor Dr. Kamel Shabbani and Consulting Editor Dr. Jacqueline Kreutzer).*

The PICS / CCISC DocMatter Community: Now one of PICS' most valued membership benefits, your DocMatter online Community has become the leading global “marketplace of ideas” to discuss challenging cases, research, emerging devices and much more. The Community is free to PICS members thanks to visionary unrestricted support from B. Braun Interventional Systems, Inc. and NuMED for Children. Thanks also go to CCISC Founder Dr. Tom Forbes and to the terrific DocMatter team.

Engagement with Policymakers: One of the most serious challenges to your profession are policies hampering innovation and introduction of safe, effective devices. In the U.S. and Japan progress has been made, while in Europe the new Medical Device Regulations (MDR) are of deep concern. In all instances, much work lies ahead—your collective voice IS heard. (PICS Advocacy Chair Dr. Evan Zahn and Co-Chair Dr. Sarosh [Shawn] Batlivala)

Nurses and Allied Health Professionals (NAHP) Committee: Emily Kish (Chair) and Co-Chairs Curtis Terry Alford, Ileen Cronin and Veronica Zitterman have expanded the membership and activities of this vital committee. Numerous educational activities are planned for Symposium 2024 and beyond.

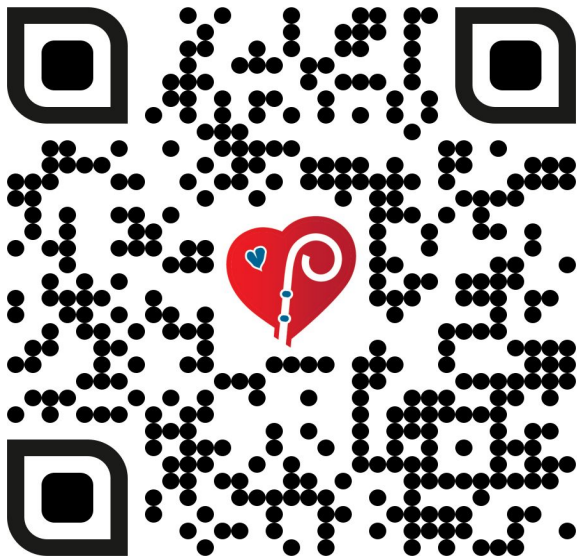

Early Career Committee: One of PICS' most active groups (Chair Dr. Aimee Armstrong & Co-Chair Dr. Gianfranco Butera), this committee completed the first global survey of training directors (thank you Dr. Varun Aggarwal). The survey identified the need for mentoring following completion of formal training. In response Drs. Butera and Armstrong designed the new PICS Early Career Development Academy, a two-year program to provide mentoring via didactics, hands-on training, and team research projects. Watch for an announcement in 2025 for the next application cycle.

New Publishing Partners: Thank you Mrs. Kate Baldwin (CCT Editor-in-Chief) for CCT serving as PICS' Official News & Information partner! Thank you Dr. Karim Diab, Publisher of Pediatric Cardiology Journal (now the official journal of the PICS Society). Both are free to all PICS members.

Social Media and Patient Advocacy: PICS is now much more active on LinkedIn, Instagram and X (formerly twitter) thanks to Senior Patient Advocate Ms. Natalie Poli and Dr. Kamel Shibbani. Follow us!

Industry Partners: PICS expresses continued appreciation to our valued industry partners, who share our vision of innovating to provide the safest, most effective care to the patients we are honored to serve.

Daily Program

- 1:00-2:00pm Industry Lunch Symposium – GORE General Session**
Marriott Grand Ballroom – 2nd Fl. Lobby Level
Long-Term Clinical Follow-Up of the GORE CARIOFORM ASD OCCLUDER
 Matthew Gillespie, MD & Athar Qureshi, MD
- 2:00-4:30pm Lymphatic Session – Breakout Session**
Marriott Grand Ballrooms 3&4 – 2nd Fl. Lobby Level
Session One: What is New?
Moderators: Sanjay Sinha, Christopher Smith, Ben Blais (virtual)
- 2:00-2:10pm Updates in Lymphatic Physiology**
 Micol Rebonato
- 2:11-2:21pm Advances in Lymphatic Anatomy**
 Adam Kolesnik
- 2:22-2:32pm New Developments in Lymphatic Imaging**
 Surren Reddy
- 2:33-2:43pm New Developments in Lymphatic Interventions**
Sanjay Sinha
- 2:44-2:54pm Recent Developments in Medical Therapy and Genetics – Gur Mainzer (virtual)**
- 2:55-3:05pm New Opportunities in Lymphatic Therapies**
 Yoav Dori
- Session Two: Case Based Session – What Do You Do Next?**
Moderators: Sanjay Sinha, Christopher Smith, Mike Seckeler
- 3:15-3:25pm PB – Petru Liuba**
- 3:26-3:36pm Chylothorax – Neil Patel**
- 3:37-3:47pm PLE – Christoph Bauer**
- 3:48-3:58pm Multicompartment Case – Stanimir Georgiev**
- 3:59-4:09pm Multicompartment with TDD**
 Christopher Smith
- 4:10-4:20pm Primary and Strange – Michael Rahbek Schmidt**
- 4:21-4:31pm When Not to Intervene – Greg Adamson**
- 2:30-4:00pm What's New in Our Toolbox? – General Session**
Marriott Grand Ballroom – 2nd Fl. Lobby Level
Moderators: Evan Zahn & Alejandro Peirone

Daily Program

- 2:30-2:42pm The Expanding Use of the AFR – Choosing the Right Size for Growing Patients**
 Gianfranco Butera
- 2:43-2:55pm New Stent Designs for the Growing Patient**
 Evan Zahn
- 2:56-3:08pm Covered Stent Options for Interventional Treatment of SVASD**
 Jamil Aboulhosn
- 3:09-3:21pm What Should the Ideal PDA Stent Look Like and Are We Nearly There? – Dan Levi**
- 3:22-3:34pm Transcatheter Fontan Completion – Do We Need a Dedicated Device? – Lee Benson**
- 3:35-3:47pm Is Extended Reality the Future of Imaging for Intervention? – Jenny Zablach**
- 3:50-4:00pm Discussion**
- 2:30-4:00pm PICES Breakout Session – Outside My Comfort Zone – When to Accept More Risk for Potential Benefit – Focusing on New/Innovative Approaches, Pre-Procedural Planning, “Off Label” Usage**
Marriott Grand Ballrooms 1&2 – 2nd Fl. Lobby Level
Moderators: Allen Ligon
Panelists: *Oliver Barry, *Britton Keeshan, *Steve Nageotte, Neil Patel
- 2:30-2:40pm PICES Business Meeting – Allen Ligon**
- 2:40-2:50pm Early Interventional Cardiology Survey Results on Work Force, Financials, and Needs – *Britton Keeshan**
- 2:50-3:05pm Case #1 – Transcatheter Correction of Aortic Dissection – Sebastian Goreczny**
- 3:05-3:20pm Case #2 – Ductus Venosus Stenting in a Premature Neonate with Obstructed TAPVR**
 *Samantha Gilg
- 3:20-3:35pm Case #3 – TPVR in an Elderly Patient**
 *Juan Carlos Samayoa
- 3:35-3:40pm PICES Congenital Interventional Mentor of the Year Award Presentation – Allen Ligon**
- 3:40-4:00pm Invited Speaker: Setting Oneself Up for Success, Facing Challenges and Optimizing Mentorship – David Balzer**
 (*Invited Guest Speaker)
- 4:00-4:15pm Coffee Available**
Marriott Grand Foyer – 2nd Fl. Lobby Level

Daily Program

- 4:15-6:00pm** **Oral Abstract Presentations**
Room 1 – Marriott Grand Ballrooms 1&2
2nd Fl. Lobby Level
Moderators: Mario Carminati & Jacqueline Kreutzer
Room 2 – General Session

- 4:00-4:30pm **Coffee Available – Exhibit Hall**
Pacific Ballroom – 1st Fl. Ground Level
- 4:30-6:00pm **Interventions in LBW Infants – Breakout Session**
Marriott Grand Ballrooms 3&4 – 2nd Fl. Lobby Level
Moderators: Thomas Forbes & Bryan Goldstein
- 4:30-4:42pm **Access to the Heart in Infants Less Than 2 kgs – Choosing Hybrid vs Standard Vascular Approaches** – Zahid Amin
Complications of Premature PDA Occlusion and How to Avoid/Manage These:
- 4:43-4:53pm **Device Embolization** – Frank Ing
- 4:54-5:02pm **TV Damage** – Darren Berman
- 5:03-5:13pm **Aortic/pulmonary Artery Obstruction**
Evan Zahn
- 5:14-5:26pm **Back-up Support for PDA Stenting in LBW Infants – Institutional Protocols** – Chris Petit
- 5:27-5:39pm **Complications in LBW Infants – Are We Getting Better?** – Ralf Holzer
- 5:40-5:52pm **3D Imaging in LBW Infants – How Can it Help?** – Sebastian Goreczny
- 5:52-6:00pm **Q&A**

Daily Program

- 4:30-6:00pm Latin Session – Breakout Session**
Marriott Grand Ballrooms 1&2 – 2nd Fl. Lobby Level
 Moderators: Carlos Pedra & Gianfranco Butera
- 4:30-4:42pm Transcatheter Closure of PM VSD Near the Aortic Valve** – Alejandro Peirone
- 4:43-4:55pm Catheterization in Ebstein Disease. Why, When, How?** – Jacqueline Kreutzer
- 4:56-5:08pm Rehabilitation of Extra Cardiac Conduits in Fontan Patients. Are We Pushing the Envelope?** – Marcelo Ribeiro
- 5:09-5:21pm Catheterization and Interventions Under MRI Guidance – An Italian Perspective**
 Micol Rebonato
- 5:22-5:34pm Borderline Indications for TPVR. Are the Guidelines Too Strict?** – Oliver Aregullin
- 5:35-5:47pm Aortic and Renal Interventions in Takayasu/Mid Aortic Syndrome**
 Diego Porras
- 5:50-6:00pm Q&A**
- 6:00pm PICS Achievement Award – General Session**
Marriott Grand Ballroom – 2nd Fl. Lobby Level
- 7:30pm PICS Soccer Game – All are Welcome!**
Clairemont High School
 4150 Ute Dr, San Diego, CA 92117

Friday, September 6th

- 7:00am-6:00pm Registration Open**
Marriott Grand Foyer – 2nd Fl. Lobby Level
- 7:00-8:30am Breakfast Available – Exhibit Hall**
Pacific Ballroom – 1st Fl. Ground Level
- 7:00am-6:00pm Poster Abstracts**
Pacific Ballroom Foyer – 1st Fl. Ground Level
- 7:00-7:45am Moderated Poster Abstract Presentations**
Pacific Ballroom Foyer – 1st Fl. Ground Level
Moderators:
Group 1: Damien Kenny & Frank Ing
Group 2: Bryan Goldstein & Vivian Dimas
Group 3: Alan Nugent & Lynn Peng

Daily Program

- 7:45-8:00am Update on the PICS Society General Session – Norm Linsky**
Marriott Grand Ballroom – 2nd Fl. Lobby Level
- 8:00-10:00am 1st Live Case Session – General Session**
Marriott Grand Ballroom – 2nd Fl. Lobby Level
 Moderators: Shakeel Qureshi & Carlos Pedra
 Panelists: Daniel Aguirre, David Balzer, Martin Bocks, Regina Bokenkamp, Jae Young Choi, Mark Galantowicz
 - Le Bonheur Children's Hospital
Memphis, Tennessee, USA
 - University of Mississippi
Jackson, Mississippi, USA
 - Seattle Children's Hospital
Seattle, Washington, USA
- 10:00-10:30am Coffee Break – Exhibit Hall**
Pacific Ballroom – 1st Fl. Ground Level
- 10:30am-12:30pm 2nd Live Case Session – General Session**
Marriott Grand Ballroom – 2nd Fl. Lobby Level
 Moderators: Evan Zahn, Aimee Armstrong
 Panelists: Jeff Delaney, Maiy El-Sayed, Tom Forbes, Brent Gordon, Michel Ilbawi, Joshua Murphy, Mohammed Al-Hijji
 - Le Bonheur Children's Hospital
Memphis, Tennessee, USA
 - University of Mississippi
Jackson, Mississippi, USA
 - Seattle Children's Hospital
Seattle, Washington, USA
- 12:30-1:30pm Lunch Available – Exhibit Hall**
Pacific Ballroom – 1st Fl. Ground Level
- 12:45-1:45pm CCISC Meeting**
Marriott Grand Ballrooms 1&2 – 2nd Fl. Lobby Level
 Moderator: Thomas Forbes
- 1:00-2:00pm Industry Lunchtime Symposium – Medtronic General Session – Marriott Grand Ballroom 2nd Fl. Lobby Level**
Exploring Harmony TPV Outcomes: Insights, Discussions, and Unique
 Join our esteemed faculty for a data-driven discussion on the clinical outcomes of Harmony TPV. Participate in open discussions about real-life experiences and unique case presentations to aid in decision-making.
 Moderator: Matt Gillespie, MD; Children's Hospital of Philadelphia

Daily Program

Speakers:

Jamil Aboulhosn, MD; UCLA
 Vivian Dimas, MD; Medical City Dallas
 Allen Ligon, MD; Children's Hospital of Atlanta

- 2:15-3:45pm** **Coronary Artery Fistula – Breakout Session**
Marriott Grand Ballrooms 1&2 – 2nd Fl. Lobby Level
 Moderators: Shakeel Qureshi & Bharat Dalvi
- 2:15-2:27pm** **Case Presentations – Distal Fistula and Proximal Fistula** – K Sivakumar
- 2:28-2:40pm** **Guidelines for Fistula Closure – Are They Appropriate?** – Worakan Promphan
- 2:41-2:53pm** **Complications Related to Device Closure**
 Do Tin
- 2:54-3:04pm** **Complex Case with an Unusual Complication**
 Horst Sievert
- 3:05-3:17pm** **Surgeons Perspective on Closure and Post-surgical Expectations/Complications**
 Glen Van Asrdall
- 3:20-3:30pm** **Q&A**
- 2:30-3:45pm** **Where is Technology Taking Us in Congenital Interventional Cardiology?**
General Session – Marriott Grand Ballroom
2nd Fl. Lobby Level
 Moderators: Matt Gillespie & Howard Weber
- 2:30-2:42pm** **Data Collection and Application – Can We Learn from Others?** – Ryan Callahan
- 2:43-2:55pm** **Advanced Imaging and CFD – Where Will This Ultimately Land?** – Elchanan Bruckheimer
- 2:56-3:08pm** **Personalised Medicine – Are Regulatory Hurdles Too Great for Our Field?**
 Diego Porras
- 3:09-3:21pm** **Application of AI to Congenital Interventional Cardiology** – Arash Salavitarab
- 3:22-3:34pm** **Interventional Cardiac MR – 20 Years On and Still on the Periphery?** – Suren Reddy
- 3:35-3:45pm** **Q&A**
- 2:15-3:45pm** **Follow-up of Simple Lesions – Breakout Session – Marriott Grand Ballrooms 3&4**
2nd Fl. Lobby Level
 Moderators: Brent Gordon & Tom Fagan
- 2:15-2:27pm** **Long Term Follow-up for Balloon Pulmonary Valvuloplasty – Are We Getting Better?** – Roymanee Supaporn
- 2:28-2:40pm** **Erosion Data – European, US and Japanese Experience** – Hideshi Tomita
- 2:41-2:53pm** **LPA Gradient Following PDA Closure – When Should We Intervene?**
 Mansour AlJufan

Daily Program

- 2:54-3:04pm** **LPA Stenting Pre-TCPC Completion – Does It Make Any Difference?** – Marc Gewillig
- 3:05-3:17pm** **Balloon Dilation for Re-coarctation in Infants – Is This Still the Best Option with Newer Stent Designs?** – Sachin Khambadkone
- 3:18-3:30pm** **How to Follow the Standard Fontan – MRI, CT, or 3DRA** – Kiran Mallula
- 3:35-3:45pm** **Q&A**
- 3:30-4:00pm** **Coffee Available – Exhibit Hall**
Pacific Ballroom – 1st Fl. Ground Level
- 4:00-5:30pm** **TPVR Session – General Session**
Marriott Grand Ballroom – 2nd Fl. Lobby Level
 Moderators: Mark Galantowicz & Damien Kenny
- 4:00-4:12pm** **Lifetime Management with Conduits – Are We Still Too Myopic?** – Frank Ing
- 4:13-4:25pm** **When to Intervene on the TV in the Setting of Pulmonary Valve Dysfunction?**
 Jamil Aboulhosn
- 4:26-4:38pm** **Self-expanding vs Balloon Expandable for Pulmonary Waist of 27mm**
 Shabana Shahanavaz
- 4:39-4:51pm** **From Famine to Feast – How Many Self-Expanding Pulmonary Valve Platforms Do We Realistically Need?**
 Elchanan Bruckheimer
- 4:52-5:04pm** **Niggling Problems with tPVR – From Coronaries and Rupture to HALT and Arrhythmia – What Does the Next 10 Years Hold?** – Evan Zahn
- 5:05-5:17pm** **Lifetime Management of Pulmonary Valve Disease – How Can We Achieve the Least Number of Interventions Without Morbidity and Mortality?** – Marc Gewillig

Daily Program

- 4:00-5:30pm **Use of RF Energy Within the Heart – Breakout Session**
Marriott Grand Ballrooms 3&4 – 2nd Fl. Lobby Level
 Moderators: David Nykanen & Henri Justino
- 4:00-4:12pm **RF vs Needle for Accessing the Pulmonary Venous Atrium – When and Why?**
 Joaquim Miro
- 4:13-4:25pm **Have CTO Wires Reduced the Need for RF Energy in CHD Patients? – Alan Nugent**
- 4:26-4:38pm **Electrosurgery Techniques in Adult Structural Disease – Saibal Kar**
- 4:39-4:51pm **Best Approaches for Perforating the IVC-PA Conduit in SV Patients – Jonathan Rome**
- 4:52-5:04pm **Recrossing the Atrial Septum Following Device Closure – Techniques and Should It Influence Our Approach to ASD Closure in the Future – Alejandro Torres**
- 5:05-5:17pm **EP Studies and “VT” Ablation Pre tPVR – Are We Trying to be Too Clever?**
 Robert Pass
- 3:45-5:30pm **Nursing and Associated Professionals Breakout Session**
Marriott Grand Ballrooms 1&2 – 2nd Fl. Lobby Level
 Moderators: Sharon Cheatham, Emily Kish
- 3:45-3:57pm **From Awareness to Action: Mitigating Complications in the Cath Lab**
 Veronica Zitterman
- 3:58-4:10pm **Virtual Simulation Versus 3D Printing of the Anatomical Model for Complex Lesions – Arash Salavitabar**
- 4:11-4:23pm **Harnessing Artificial Intelligence: Revolutionizing Registry Reporting and Summarization in Complex CHD**
 Laith Alshawabkeh
- 4:24-4:36pm **Positive Vibes Only: Strategies for a Healthy Work Culture – Terry Alford**
- 4:37-4:49pm **Around the World With Valve Technology**
 Dan Levi
- 4:50-5:02pm **Hemodynamics: Understanding the Numbers – Ileen Cronin**
- 5:03-5:15pm **Balancing Cath Lab Inventory with the Cost of Increased Technology – Emily Kish**
- 5:15-5:30pm **Q&A**

Daily Program

Saturday, September 7th

- 7:00am-1:00pm **Registration Open**
Marriott Grand Foyer – 2nd Fl. Lobby Level
- 7:00-8:30am **Breakfast Available – Exhibit Hall**
Pacific Ballroom – 1st Fl. Ground Level
- 8:00-9:30am **Managing High Flow Lesions in Smaller Infants – General Session**
Marriott Grand Ballroom – 2nd Fl. Lobby Level
 Moderators: Allison Cabalka & Mansour AlJufan
- 8:00-8:12am **Flow Restrictors Within the Heart – Lessons Learned and Future Options**
 Dietmar Schranz
- 8:13-8:25am **Transcatheter VSD Closure in Children < 6kgs – K Sivakumar**
- 8:26-8:38am **The Large PDA in a 4kg Symptomatic Infant – Knowing Our Limits – Alain Fraise**
- 8:39-8:51am **Is Widespread Acceptance of Echo-Guided Closure Procedures Likely in the Next 10 Years? – Craig Fleishman**
- 8:52-9:04am **Porto-systemic Shunts in Smaller Infants – What Options Exist? – Henri Justino**
- 9:05-9:17am **Larger Devices in Small Children – How Large Can We Go? – Masood Sadiq**
- 9:18-9:30am **Q&A**
- 9:30-10:00am **Coffee Available**
- 10:00-11:30am **Taped Cases – General Session**
Marriott Grand Ballroom – 2nd Fl. Lobby Level
 Moderators: Larry Latson & Craig Fleishman
- 10:00-10:20am **Mayo – Jason Anderson**
- 10:21-10:41am **Transcatheter Fontan – Damien Kenny**
- 10:42-11:02am **PDA Stenting – Athar Qureshi**
- 11:03-11:23am **Pulsta Valve – Seong-Ho Kim**
- 11:30am-1:00pm **Nightmare Cases – General Session**
Marriott Grand Ballroom – 2nd Fl. Lobby Level
 Moderators: Shakeel Qureshi & Matt Gillespie
- 1:00pm **Closing Remarks**
 Ziyad M. Hijazi & Damien Kenny

Daily Program as of 08.16.24
